

# Supply Chain Graduate Programme

Kerry Group has 23,000 employees globally, 15,000 products and revenues of €6.1 billion. As a company we strive for excellence in everything we do. Our mission is to **delight and nourish consumers** and every day millions of people throughout the world consume foods and beverages containing our taste and nutrition solutions.

## Kerry Graduate Development Programme:

Not only do we offer our Graduates a **permanent job** from the outset we also support your career development through our 2 year Graduate Development Programme. This Programme provides Graduates **with access to our Senior Leadership team**, accelerated **career development** and a chance to make a real difference to our business through involvement in innovative business projects.

As a **Supply Chain Graduate** in Kerry, you will play an essential role in internal co-ordination between production, finance, purchasing and customer service, to ensure the operation is able to meet customer's demands through efficient balance of materials and the finished goods supply chain.
